**Re: Notice of Ex Parte Presentation  
WC Docket No. 04-36, IP-Enabled Services  
WC Docket No. 05-196, E911 Requirements for IP-Enabled Services**

Dear Secretary Dortch:

On November 8, 2005, Elana Shapochnikov of Net2Phone, Jerry Lambert of Bresnan Communications, John Conrad of Liberty Cablevision of Puerto Rico, Bruce Beard of Millennium Digital Media Systems, and the undersigned met with Lauren Belvin, Scott Bergmann, Michelle Carey, and Jessica Rosenworcel, Legal Advisors to Commissioners and with Kathy Berthot and Susan McNeil of the Enforcement Bureau and Nick Alexander of the Wireline Competition Bureau. Ernie Cooper of Mintz Levin joined in several of the meetings. At the meetings, participants presented information about the significant impact new VoIP E911 regulations will have on small-market cable providers and on their ability to bring voice services competition and broadband access to rural areas of the country. Matters discussed were consistent with the attached presentation materials, copies of which were left with meeting participants.

Pursuant to sections 1206(b)(1) and (2) of the Commission's rules, this letter and the attachment is being filed electronically with the Office of the Secretary. Copies are also being served electronically on the Commission participants in the meeting.

Respectfully submitted,

Chérie R. Kiser
